
TKYUAN
Shenzhen Twinkler Technology Co., Ltd.

Who is TKYUAN

Shenzhen Twinkler Technology Co., Ltd. specializes in smartwatches, smart bands, smart rings, smart glasses and other wearable devices. Guided by our “market-driven, innovation-focused” strategy, we deliver products with creative design, superior quality and competitive pricing for global clients.

With 12 years of industry experience, our products are exported to over 80 countries and regions, supported by more than 150 key partners. We offer full end-to-end services including design, mold development, R&D and mass production. Backed by multiple national patents and IP rights, we have built robust core technological advantages.

Located in Shenzhen, our modern 5,000m^2 R&D and manufacturing base employs nearly 200 professionals. Equipped with 10 automated production lines, high-precision equipment and an in-house reliability lab, we can perform over 50 types of reliability tests to guarantee accuracy and consistent quality from R&D to shipment.

We are far more than a manufacturer — we act as your trusted innovation partner, offering professional OEM/ODM/OBM custom solutions for global brands. Thanks to our solid product reputation, dependable delivery and long-term client collaboration, we hold a prominent position within the global smart wearable ecosystem.

Our facility follows the 8S management system and holds ISO9001 certification. We maintain strict IQC, IPQC, FQC and OQC quality control workflows, alongside long-term partnerships with raw material suppliers to secure stable premium quality.

At Twinkler, customer needs remain our top priority. We continuously iterate and upgrade our products to keep pace with the rapidly evolving market.

Looking for a dependable wearable partner? Get in touch with us today.

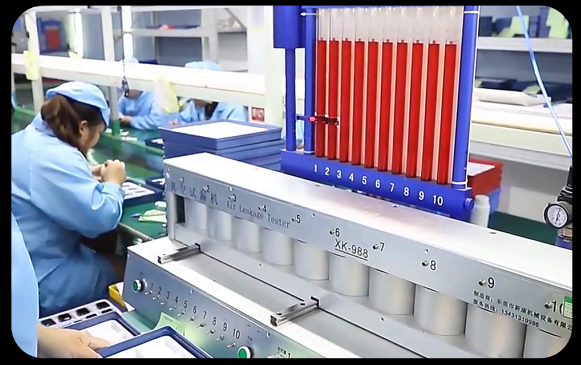

Manufacturing Capacity

TKYUAN

- 12years experience in smartwatch industry
- 15years experience in electronics manufacturering
- 10*25m standard modern production line
- 5000m2 production scale, 200+ people team
- 3 ID/MD Designers team(ODM Service)
- 5 HW&SW Testing team
- 100 + New product process tests
- 50+ Patent Docs

OEM Customization

Make every detail your own - from the device to the customer experience.

01

Hardware & Branding

Personalize the physical details.

- Case & crown branding
- Custom back cover
- Branded buckle
- Strap logo customization

02

Software & Integration

Build a consistent digital identity.

- Custom watch faces
- Boot logo & Bluetooth name
- SDK support
- App customization

03

Packaging & Manuals

Complete your branded presentation.

- Custom retail packaging
- Branded user manuals
- Consistent visual identity

YOUR BRAND. YOUR WEARABLE.

Discuss your customization requirements with our team.

PRODUCT COLLECTION

D43B

Featured model

D43B

GPS Smartwatches

TECHNICAL SPECIFICATIONS

CPU: ATS3085S

Display: 1.43-inch AMOLED high-definition screen Resolution 466*466

Battery: 550mAh Lithium Polymer Battery

Waterproof Level: 5ATM

APP Name: Gloryfit Pro

Health Functions

Pedometer, Heart rate,blood oxygen, Pressure, Breathing training,sleep monitoring, Female menstrual cycle

Other Functions

6 themes,Custom dial, massive online dial, turn wrist bright screen, remote photos, music control, stopwatch, alarm clock, do not disturb mode, Voice assistant, world clock,Sedentary reminder, Timer, calculator, flashlight, find phone,GPS, Compass, Barometer + Altitude, Local Music, Offline Maps,Chatgpt AI

DM59

GPS Smartwatches

TECHNICAL SPECIFICATIONS

CPU: ATS3085S

Display: 1.43-inch AMOLED high-definition screen Resolution 466*466

Battery: 500mAh Lithium Polymer Battery

Waterproof Level: 5ATM

APP Name: Gloryfit Pro

Health Functions

Pedometer, Heart rate,blood oxygen, Pressure, Breathing training,sleep monitoring, Female menstrual cycle

Other Functions

Custom dial, massive online dial, turn wrist bright screen, remote photos, music control, stopwatch, alarm clock, do not disturb mode, Voice assistant, world clock,Sedentary reminder, Timer, calculator, flashlight, find phone,GPS, Compass, Barometer + Altitude,Offline Maps

DM66

GPS Smartwatches

TECHNICAL SPECIFICATIONS

CPU: ATS3085S

Display: 2.13-inch AMOLED high-definition screen Resolution 410*502

Battery: 850mAh Lithium Polymer Battery

Waterproof Level: 5ATM

APP Name: Gloryfit Pro

Health Functions

Pedometer, Heart rate,blood oxygen, Pressure, Breathing training,sleep monitoring, Female menstrual cycle

Other Functions

Custom dial, massive online dial, turn wrist bright screen, remote photos, music control, stopwatch, alarm clock, do not disturb mode, Voice assistant, world clock,Sedentary reminder, Timer, calculator, flashlight, find phone,GPS, Compass, Barometer + Altitude,offline maps

FT66

GPS Smartwatches

TECHNICAL SPECIFICATIONS

CPU: ATS3085S4

Display: 1.43-Inch AMOLED Screen Display:466*466

Battery: 670 mAh Lithium Polymer Battery

Waterproof Level: 5ATM

APP Name: Fitbeing

Health Functions

Heart rate measurement, recording, Blood oxygen measurement, recording Stress measurement, recording, Sleep tracking, Meditation, Breathing training, Menstrual cycle tracking

Other Functions

Watch face market,Mobile phone music control,Alarm clock,Timer,Stopwatch, Weather,World clock, Vibration-based water ejection,Find my phone, Raise wrist to wake, Do not disturb mode, Always-on display,Led Flashlight, GPS,Compass, Altitude, Air pressure,Recent calls,Frequent contacts,Dial

FT68

GPS Smartwatches

TECHNICAL SPECIFICATIONS

CPU: ATS3085S

Display: 1.32-Inch AMOLED Screen Display:466*466

Battery: 350mAh Lithium Polymer Battery

Waterproof Level: 5ATM

APP Name: Fitbeing

Health Functions

Sleep Monitoring, Heart Rate, HRV Analysis, Stress Monitoring, Blood Oxygen, Breathing Training, Sedentary Alert, Drink Water Reminder, Women's Health

Other Functions

Online watch faces, Video faces, Photo faces, Custom functions & colors,GPS tracking, Workout voice broadcast, Workout history, Auto-pause, Open water swim tracking, Stroke recognition, Auto-detection (walking, running, cycling), Badminton,LED Flashlight, GPS, Compass, Altitude, Weather, Alarm, Raise to Wake, Music Control, Music Playback (BT), Remote Camera, Calculator, World Clock, Stopwatch, Timer, Find Phone, DND Mode,Bluetooth Calling,SOS Emergency Call

FT69

GPS Smartwatches

TECHNICAL SPECIFICATIONS

CPU: ATS3085S

Display: 1.43-Inch AMOLED Screen Display:466*466

Battery: 680 mAh Lithium Polymer Battery

Waterproof Level: 5ATM

APP Name: Fitbeing

Health Functions

Sleep Monitoring, Heart rate measurement, Pressure measurement, Blood Oxygen ,HRV Monitoring analysis, breathing training, Sedentary reminder, Menstrual cycle tracking

Other Functions

Daily activity monitoring, exercise target reminder, real-time exercise trajectory, exercise recording, path navigation (offline map), open water swimming trajectory, swimming posture recognition, walking, running, riding motion recognition, badminton swing data, sports voice broadcast ,LED Flashlight, Weather, Alarm clock, Raise wrist-Wake, Music control, Offline Music, Remote-control Photography, Stopwatch, Timer, Find phone, Find watch, Not disturb mode, Water Lock, Water Eject,Compass,Altitude,Barometer,GPS,Offline Maps,Local Music

PG999

GPS Smartwatches

TECHNICAL SPECIFICATIONS

CPU: ATS3085S

Display: 1.43-Inch AMOLED Screen Display:466*466

Battery: 700 mAh Lithium Polymer Battery

Waterproof Level: 3ATM

APP Name: Fitbeing

Health Functions

heart rate, blood oxygen, maximum oxygen,breathing training,Menstrual cycle tracking,sleep detection, stress measurement

Other Functions

Multiple theme styles, customizable watch face, step counting, brightness adjustment, long-screen mode, screen-on-raise, flashligh, uptake, local music playback, GPS sports track, , information push, remote music control, remote photo taking, real-time weather, phone finder, alarm clock, timer, stopwatch, do not disturb mode,AI intelligent voice, AI sports data analysis,Local Music, connect to TWS earbuds,Led Flashlight, GPS,Altitude ,Compass,offline maps

Y102

GPS Smartwatches

TECHNICAL SPECIFICATIONS

CPU: ATS3085S

Display: 1.43-inch AMOLED high-definition screen Resolution 466*466

Battery: 730mAh Lithium Polymer Battery

Waterproof Level: 3ATM

APP Name: Gloryfit Pro

Health Functions

Pedometer, Heart rate,blood oxygen, Pressure, Breathing training,sleep monitoring, Female menstrual cycle

Other Functions

6 themes,Custom dial, massive online dial, turn wrist bright screen, remote photos, music control, stopwatch, alarm clock, do not disturb mode, Voice assistant, world clock,Sedentary reminder, Timer, calculator, flashlight, find phone,GPS, Compass, Barometer + Altitude,Local Music ,Offline Maps

T87

Women Smartwatches

TECHNICAL SPECIFICATIONS

Ultra-thin Smartwatch (Thickness=7.2mm)

CPU: JL7074

Display: 1.19-Inch AMOLED HD Screen Display 390*390

Battery: 200mAh Lithium Polymer Battery

Waterproof Level: IP68

APP Name: Dafit

Health Functions

Step count, sleep, heart rate, oxygen saturation, exercise data record

Other Functions

weather, camera control,, music control, theater mode, stopwatch, alarm clock, timer, sedentary reminder, breathing training, message,Reject the call, brightness adjustment, mute, QR code

T8Pro

Women Smartwatches

TECHNICAL SPECIFICATIONS

Ultra-thin Smartwatch (Thickness=6.8mm)

CPU: JL7013A6S

Display: 1.32-Inch AMOLED HD Screen Display 466*466

Battery: 200mAh Lithium Polymer Battery

Waterproof Level: IP68

APP Name: Da fit

Health Functions

Step count, sleep, heart rate, blood pressure, oxygen saturation, exercise data record

Other Functions

weather, camera control, music control, theater mode, stopwatch, alarm clock, timer, sedentary reminder, breathing training, message,Hanging up and answering an incoming call, brightness adjustment, mute

T92

Women Smartwatches

TECHNICAL SPECIFICATIONS

Ultra Small Smartwatch(φ=35mm)

CPU: JI7074A7

Display: 1.04inch AMOLED Screen Resolution: 340*340

Battery: 140mAh Lithium Polymer Battery

Waterproof Level: IP68

APP Name: Da fit

Health Functions

Step count, sleep, heart rate, exercise, blood pressure, blood oxygen, exercise data record

Other Functions

weather, camera control, music control, theater mode, stopwatch, alarm clock, timer, sedentary reminder, breathing training, message,Reject the call, brightness adjustment

TKY02

Women Smartwatches

TECHNICAL SPECIFICATIONS

Ultra-thin Smartwatch (Thickness=7.15mm)

CPU: ATS3085S

Display: 1.32Inch AMOLED 466*466 Display Screen

Battery: 200mAh Lithium Polymer Battery

Waterproof Level: IP67

APP Name: Gloryfit Pro

Health Functions

Pedometer, heart rate, Blood pressure,blood oxygen, sleep monitoring

Other Functions

3D dynamic dial, step counting, exercise, calorie consumption, raising the hand to light up the screen, gaming, alarm clock, incoming calls,stopwatch, music control, remote photography, weather, screen brightness adjustment, APP exercise trajectory, 30 languages, Screen rest clock

TKY12

Women Smartwatches

TECHNICAL SPECIFICATIONS

CPU: AB5691G

Display: 1.19inch AMOLED Screen 360*360

Battery: 200mAh Lithium Polymer Battery

Waterproof Level: IP68

APP Name: Fitcloudpro

Health Functions

Pedometer, Heart rate,blood oxygen , sleep monitoring

Other Functions

Custom dial, massive online dial, turn wrist bright screen, time display, remote photos, cinema mode settings, find wristbands, wechat sports, support APP air upgrade, music control, stopwatch, alarm clock, do not disturb mode, drink water reminder, remote photography,

TKY15

Women Smartwatches

TECHNICAL SPECIFICATIONS

CPU: AB5791

Display: 1.04" AMOLED Screen Resolution:340*340

Battery: 200mAh Lithium Polymer Battery

Waterproof Level: IP68

APP Name: Fitcloudpro

Health Functions

Pedometer, heart rate, Blood pressure,blood oxygen, sleep monitoring

Other Functions

Find watch, time format, do not disturb mode time, all-day heart rate test, turn the wrist bright screen,Dial selection, message push, daily alarm clock, camera control, weather information

TKY19

Women Smartwatches

TECHNICAL SPECIFICATIONS

CPU: AB5691

Display: 1.27inch TFT Screen Resolution: 360*360

Battery: 250mAh Lithium Polymer Battery

Waterproof Level: IP67

APP Name: Fitcloudpro

Health Functions

Step count, sleep, heart rate, oxygen saturation, exercise data record

Other Functions

Make & answer call, reject incoming call, check history, add contact Calculator, stopwatch, weather, games, alarm clock, AI voice assistant, photo control, music control and playback,dial customization, message push,Find device, time format, Do not disturb mode period, smart reminder,Raise to wake Function

TKY47

TKYUAN

Women Smartwatches

TECHNICAL SPECIFICATIONS

Ultra-thin Smartwatch (Thickness=8.1mm)

CPU: Bluetrum AB5691

Display: 1.85inch AMOLED Curved Screen 390*450

Battery: 230mAh Lithium Polymer Battery

Waterproof Level: IP67

APP Name: H Band

Health Functions

Pedometer, Heart rate,blood oxygen, blood pressure, blood glucose,met,HRV, stress,breathe,cycle tracking,sleep monitoring

Other Functions

Other functions: clock, date display, week, weather forecast, calendar, calculator, find watch, find phone, remote control photography, music control, wrist-raise screen switch, timer, stopwatch, ultra-low battery reminder, alarm reminder, call rejection, call, contact reminder, frequently used contacts

TKY76

Women Smartwatches

TECHNICAL SPECIFICATIONS

Ultra-thin Smartwatch (Thickness=7.35mm)

CPU: ATS3085S

Display: 1.32" AMOLED Screen Resolution 466*466

Battery: 200mAh Lithium Polymer Battery

Waterproof Level: IP67

APP Name: GloryfitPro

Health Functions

Saiwei algorithm, motion recognition,Pedometer, Heart rate,blood oxygen, Pressure, Breathing training,sleep monitoring,Female menstrual cycle

Other Functions

Custom dial, massive online dial, turn wrist bright screen, remote photos, music control, stopwatch, alarm clock, do not disturb mode, Voice assistant, world clock,Sedentary reminder, Timer, calculator, find phone.

TKY77

Women Smartwatches

TECHNICAL SPECIFICATIONS

Ultra-thin Smartwatch (Thickness=7.35mm)

CPU: ATS3085S

Display: 1.32" AMOLED Screen Resolution 466*466

Battery: 200mAh Lithium Polymer Battery

Waterproof Level: IP67

APP Name: GloryfitPro

Health Functions

Saiwei algorithm, motion recognition,Pedometer, Heart rate,blood oxygen, Pressure, Breathing training,sleep monitoring,Female menstrual cycle

Other Functions

Custom dial, massive online dial, turn wrist bright screen, remote photos, music control, stopwatch, alarm clock, do not disturb mode, Voice assistant, world clock,Sedentary reminder, Timer, calculator, find phone.

TKY78

Women Smartwatches

TECHNICAL SPECIFICATIONS

Ultra-thin Smartwatch (Thickness=8.2mm)

CPU: ATS3085S

Display: 1.32" AMOLED Screen Resolution 466*466

Battery: 200mAh Lithium Polymer Battery

Waterproof Level: IP67

APP Name: GloryfitPro

Health Functions

Saiwei algorithm, motion recognition,Pedometer, Heart rate,blood oxygen, Pressure, Breathing training,sleep monitoring,Female menstrual cycle

Other Functions

Custom dial, massive online dial, turn wrist bright screen, remote photos, music control, stopwatch, alarm clock, do not disturb mode, Voice assistant, world clock,Sedentary reminder, Timer, calculator, find phone.

TKY79

Women Smartwatches

TECHNICAL SPECIFICATIONS

Ultra-thin Smartwatch (Thickness=7.25mm)

CPU: ATS3085S

Display: 1.75" AMOLED Screen Resolution 390*450

Battery: 200mAh Lithium Polymer Battery

Waterproof Level: IP68

APP Name: GloryfitPro

Health Functions

Saiwei algorithm, motion recognition,Pedometer, HRV,Heart rate,blood oxygen, Pressure, Breathing training,sleep monitoring,Female menstrual cycle,Emotion

Other Functions

Custom dial, massive online dial, turn wrist bright screen, remote photos, music control, stopwatch, alarm clock, do not disturb mode, Voice assistant, world clock,Sedentary reminder, Timer, calculator, find phone, UV Index

TKY03

Men Smartwatches

TECHNICAL SPECIFICATIONS

Ultra-thin Smartwatch (Thickness=7.3mm)

CPU: AT3085S

Display: 1.73inch AMOLED 466*466 Display Screen

Battery: 280mAh Lithium Polymer Battery

Waterproof Level: IP68

APP Name: Gloryfit Pro

Health Functions

Pedometer, heart rate, Blood pressure,blood oxygen, sleep monitoring

Other Functions

3D dynamic dial, step counting, exercise, calorie consumption, raising the hand to light up the screen, gaming, alarm clock, incoming calls,stopwatch, music control, remote photography, weather, screen brightness adjustment, APP exercise trajectory, 30 languages, Screen rest clock

TKY29

Men Smartwatches

TECHNICAL SPECIFICATIONS

CPU: AB5691

Display: 1.7inch TFT Screen Resolution: 360*360

Battery: 1400mAh Lithium Polymer Battery

Waterproof Level: IP68

APP Name: Fitcloudpro

Health Functions

Step count, sleep, heart rate, blood pressure, oxygen saturation, exercise data record

Other Functions

Make & answer call, reject incoming call, check history, add contact Calculator, stopwatch, weather, games, alarm clock, AI voice assistant, photo control, music control and playback,dial customization, message push,Find device, time format, Do not disturb mode period, smart reminder,Raise to wake Function

TKY43

Men Smartwatches

TECHNICAL SPECIFICATIONS

CPU: AB5691

Display: 2.01-Inch TFT HD Screen Display 320*385

Battery: 1600mAh Lithium Polymer Battery

Waterproof Level: IP68

APP Name: Fitcloudpro

Health Functions

Step count, sleep, heart rate, blood pressure, oxygen saturation, exercise data record

Other Functions

weather, camera control, music control, theater mode, stopwatch, alarm clock, timer, sedentary reminder, breathing training, message,Hanging up and answering an incoming call, brightness adjustment, mute

TKY53

Men Smartwatches

TECHNICAL SPECIFICATIONS

CPU: AB5691

Display: 2.01-Inch TFT HD Screen Display 240*296

Battery: 1000mAh Lithium Polymer Battery

Waterproof Level: IP68

APP Name: Fitcloudpro

Health Functions

Step count, sleep, heart rate, blood pressure, oxygen saturation, exercise data record

Other Functions

weather, camera control, music control, theater mode, stopwatch, alarm clock, timer, sedentary reminder, breathing training, message,Hanging up and answering an incoming call, brightness adjustment, mute

TKY91

Men Smartwatches

TECHNICAL SPECIFICATIONS

CPU: Realtek8773EWE

Display: 1.7-Inch TFT HD Screen Display 360*360

Battery: 1000mAh Lithium Polymer Battery

Waterproof Level: IP68

APP Name: Fitcloudpro

Health Functions

Step count, sleep, heart rate, blood pressure, oxygen saturation, exercise data record

Other Functions

weather, camera control, music control, theater mode, stopwatch, alarm clock, timer, sedentary reminder, breathing training, message,Hanging up and answering an incoming call, brightness adjustment, mute

X7

Men Smartwatches

TECHNICAL SPECIFICATIONS

CPU: JL7074A7S

Display: 2.13-Inch AMOLED Screen Display 410*502

Battery: 900mAh Lithium Polymer Battery

Waterproof Level: 1ATM

APP Name: Fitcloudpro

Health Functions

Step count, sleep, heart rate, blood pressure, oxygen saturation, Stress, exercise data record

Other Functions

Activity Center (Steps, Calories, Distance), Sports Modes (100+ types), Activity Records,Weather Information, BT Calling, Message Notifications, Remote Camera Shutter, Music Control, Stress Relief & Sleep Aid, Voice Assistant, Timer, Alarm Clock, Stopwatch, Menstrual Cycle Tracking, Find Phone, Calculator, Do Not Disturb Mode, Power Saving Mode, Raise-to-Wake, Brightness Adjustment, Vibration Intensity Adjustment, Watch Face Switching, Menu Style Switching, Always-On Display (AOD), WhatsApp Quick Reply

GE53

Health Smartwatches

TECHNICAL SPECIFICATIONS

CPU: JL7013A

Display: 1.952inch AMOLED Screen Resolution 410*502

Battery: 400mAh Lithium Polymer Battery

Waterproof Level: IP68

APP Name: G Band

Health Functions

Electrocardiogram monitoring, heart health analysis, micro-physical examination, emotion detection, fatigue detection, heart rate monitoring, blood component measurement (uric acid and blood lipid function), body composition, Metope function, SOS emergency call function, blood oxygen monitoring, blood pressure monitoring, breathing training, women's health (menstrual tracking), body temperature monitoring, 24-hour sleep monitoring, remote relatives and friends care, medication reminder, distant reminder.

Other Functions

stopwatch, countdown, step counting, calories, distance, exercise mode, incoming call reminder, alarm clock reminder, raising hand to light up the screen, social sharing, remote photo taking, music control, calculator, etc.

S100

Health Smartwatches

TECHNICAL SPECIFICATIONS

CPU: JL7013A7

Display: 2.06-inch AMOLED Screen Resolution 410*502

Battery: 340mAh Lithium Polymer Battery

Waterproof Level: IP66

APP Name: G Band

Health Functions

Air pump balloon accurate blood pressure, electrocardiogram, Ai heart health analysis report, micro-physical examination function, emotion detection, fatigue detection, skin electricity function (sentiment index), body composition (body fat BMI), noninvasive blood glucose evaluation, blood composition evaluation (uric acid and blood lipid function), Metoff function, SOS emergency call function, blood oxygen monitoring, blood pressure monitoring,Breathing training, women's health, heart rate monitoring, body temperature monitoring, 24-hour sleep monitoring, remote relatives and friends care, sedentary reminder and other health functions.

Other Functions

NFC access control, step counting, calories, distance, exercise mode, incoming call reminder, alarm clock reminder, raising hand to light up the screen, information reminder, etc.

S101

Health Smartwatches

TECHNICAL SPECIFICATIONS

CPU: JL7013A7

Display: 2.06-inch AMOLED Screen Resolution 410*502

Battery: 300mAh Lithium Polymer Battery

Waterproof Level: IP66

APP Name: G Band

Health Functions

Air pump balloon accurate blood pressure, electrocardiogram, Ai heart health analysis report, micro-physical examination function, emotion detection, fatigue detection, skin electricity function (sentiment index), body composition (body fat BMI), noninvasive blood glucose evaluation, blood composition evaluation (uric acid and blood lipid function), Metoff function, SOS emergency call function, blood oxygen monitoring, blood pressure monitoring,Breathing training, women's health, heart rate monitoring, body temperature monitoring, 24-hour sleep monitoring, remote relatives and friends care, sedentary reminder and other health functions.

Other Functions

NFC access control, step counting, calories, distance, exercise mode, incoming call reminder, alarm clock reminder, raising hand to light up the screen, information reminder, etc.

S200

Health Smartwatches

TECHNICAL SPECIFICATIONS

CPU: JL7013A7

Display: 1.56-inch AMOLED Screen Resolution 480*480

Battery: 340mAh Lithium Polymer Battery

Waterproof Level: IP66

APP Name: G Band

Health Functions

ECG; Heart rate monitoring; Blood oxygen monitoring; Blood pressure monitoring; Sleep monitoring; Body temperature; Stress monitoring; Activity tracking; Breathing training

Other Functions

Intelligent voice assistant, NFC access control, SOS emergency call function, flashlight, step counting/calorie counting/distance measurement, alarm clock, always-on display function, weather forecast, games, music playback and control.

S201

Health Smartwatches

TECHNICAL SPECIFICATIONS

CPU: JL7013A7

Display: 1.56-inch AMOLED Screen Resolution 480*480

Battery: 340mAh Lithium Polymer Battery

Waterproof Level: IP66

APP Name: G Band

Health Functions

ECG; Heart rate monitoring; Blood oxygen monitoring; Blood pressure monitoring; Sleep monitoring; Body temperature; Stress monitoring; Activity tracking; Breathing training

Other Functions

Intelligent voice assistant, NFC access control, SOS emergency call function, flashlight, step counting/calorie counting/distance measurement, alarm clock, always-on display function, weather forecast, games, music playback and control.

TKY17

Health Smartwatches

TECHNICAL SPECIFICATIONS

CPU: JL7013A

Display: 1.32inch AMOLED Screen Resolution 466*466

Battery: 280mAh Lithium Polymer Battery

Waterproof Level: IP68

APP Name: G Band

Health Functions

Electrocardiogram monitoring, heart health analysis, micro-physical examination, emotion detection, fatigue detection, heart rate monitoring, non-invasive blood glucose measurement, blood component measurement (uric acid and blood lipid function), body composition, Metope function, SOS emergency call function, blood oxygen monitoring, blood pressure monitoring, breathing training, women's health (menstrual tracking), body temperature monitoring, 24-hour sleep monitoring, remote relatives and friends care, medication reminder, distant reminder.

Other Functions

stopwatch, countdown, step counting, calories, distance, exercise mode, incoming call reminder, alarm clock reminder, raising hand to light up the screen, social sharing, remote photo taking, music control, calculator, etc.

TKY32

Health Smartwatches

TECHNICAL SPECIFICATIONS

CPU: JL7013A

Display: 1.32inch AMOLED Screen Resolution 466*466

Battery: 280mAh Lithium Polymer Battery

Waterproof Level: IP68

APP Name: G Band

Health Functions

Electrocardiogram monitoring, heart health analysis, micro-physical examination, emotion detection, fatigue detection, heart rate monitoring, blood component measurement (uric acid and blood lipid function), body composition, Metope function, SOS emergency call function, blood oxygen monitoring, blood pressure monitoring, breathing training, women's health (menstrual tracking), body temperature monitoring, 24-hour sleep monitoring, remote relatives and friends care, medication reminder, distant reminder.

Other Functions

stopwatch, countdown, step counting, calories, distance, exercise mode, incoming call reminder, alarm clock reminder, raising hand to light up the screen, social sharing, remote photo taking, music control, calculator, etc.

TKY89

Health Smartwatches

TECHNICAL SPECIFICATIONS

Ultra-thin Smartwatch (Thickness=8.8mm)

CPU: JL7013A

Display: 1.32inch AMOLED Screen Resolution 466*466

Battery: 265mAh Lithium Polymer Battery

Waterproof Level: IP68

APP Name: G Band

Health Functions

Electrocardiogram monitoring, heart health analysis, micro-physical examination, emotion detection, fatigue detection, heart rate monitoring, non-invasive blood glucose measurement, blood component measurement (uric acid and blood lipid function), body composition, Metope function, SOS emergency call function, blood oxygen monitoring, blood pressure monitoring, breathing training, women's health (menstrual tracking), body temperature monitoring, 24-hour sleep monitoring, remote relatives and friends care, medication reminder, distant reminder.

Other Functions

stopwatch, countdown, step counting, calories, distance, exercise mode, incoming call reminder, alarm clock reminder, raising hand to light up the screen, social sharing, remote photo taking, music control, calculator, etc.

M301

Unisex Smartwatches

TECHNICAL SPECIFICATIONS

CPU: JL7074 A7S

Display: 1.32inch AMOLED 3D Curved Screen 466*466

Battery: 240mAh Lithium Polymer Battery

Waterproof Level: IP68

APP Name: Da fit

Health Functions

Step count, sleep,heart rate, blood oxygen,blood pressure,stress,,exercise data record

Other Functions

AI voice assistant, weather forecast, speech aides, bluetooth phone, BT music and movement patterns and SNS message to remind, sleep detection, stopwatch, timer, alarm clock, breathing training, find the mobile phone, sedentary remind, intelligent alarm clock, female physiology, games, etc

TKY05

Unisex Smartwatches

TECHNICAL SPECIFICATIONS

CPU: Realtek8763EWE

Display: 1.28" TFT Screen Resolution:240*240

Battery: 260mAh Lithium Polymer Battery

Waterproof Level: IP68

APP Name: Zmoofit

Health Functions

Pedometer, heart rate, Blood pressure,blood oxygen, sleep monitoring

Other Functions

Find watch, time format, turn the wrist bright screen,Dial selection, message push, daily alarm clock, camera control, weather information

TKY21

Unisex Smartwatches

TECHNICAL SPECIFICATIONS

CPU: Realteck8773EWE

Display: 2.01" TFT Screen Resolution:240*296

Battery: 260mAh Lithium Polymer Battery

Waterproof Level: IP68

APP Name: GloryFit

Health Functions

stress, heart rate, blood pressure, blood oxygen, sleep, pedometer

Other Functions

3D dynamic, single-chip dual-mode one-key connection, emotion, calorie consumption, raise hand to light up the screen, alarm clock, APP information reminder, stopwatch, music control, remote photography, weather, screen brightness adjustment, APP movement track, breathing rate, game, female, world time, lock screen password, flashlight

TKY68

Unisex Smartwatches

TECHNICAL SPECIFICATIONS

Ultra-thin Smartwatch (Thickness=8.2mm)

CPU: ATS3085S

Display: 1.96" AMOLED Curved Screen Resolution 410*502

Battery: 200mAh Lithium Polymer Battery

Waterproof Level: IP67

APP Name: GloryfitPro

Health Functions

Saiwei algorithm, motion recognition,Pedometer, Heart rate,blood oxygen, Pressure, Breathing training,sleep monitoring,Female menstrual cycle

Other Functions

Custom dial, massive online dial, turn wrist bright screen, remote photos, music control, stopwatch, alarm clock, do not disturb mode, Voice assistant, world clock,Sedentary reminder, Timer, calculator, find phone.

TKY80

Unisex Smartwatches

TECHNICAL SPECIFICATIONS

CPU: Realtek8773EWE

Display: 1.83inch TFT Screen Resolution: 240*284

Battery: 260mAh Lithium Polymer Battery

Waterproof Level: IP67

APP Name: Fitcloudpro

Health Functions

Step count, sleep, heart rate, blood oxygen ,blood pressure, exercise data record

Other Functions

Anti-Motion Sickness Anti-Nausea,BT call, calorie consumption, raise hand to light up the screen, alarm clock, APP information reminder, stopwatch, music control, remote control photography, weather, screen brightness adjustment, APP movement track, breathing rate, female function, world time, flashlight

H100

Android Smartwatches

TECHNICAL SPECIFICATIONS

CPU: SL8541E

Display: 1.6 inch AMOLED / 480*480

Memory: 3GB RAM / 32GB ROM

Battery: 950mAh with NTC

OS: Android 8.1

Health Functions

Heart Rate, Blood Oxygen, Blood Pressure, Sleep Monitoring, Sedentary Reminder, Hydration Reminder, Medication Reminder

Other Functions

Phone, Contacts, Messages, Settings, Theme Settings, Fitness, TikTok, Browser, App Market, Free Watch Face Market, Face Recognition, Camera, Gallery, Music, Video Player, Heart Rate/Blood Oxygen/Blood Pressure, Sleep Monitoring, Mindfulness, Sedentary Reminder, Hydration Reminder, Step Counter, Noise Measurement, NFC, Ultra Power Saving Mode, One-Tap Cleanup, One-Tap Drainage, Voice Recorder, Calculator, Stopwatch, Clock, Weather, Calendar, Flashlight, File Manager, Morse Code, Compass, WhatsAPP, Play Store, YouTube, Facebook,Instagram,

M99

Android Smartwatches

TECHNICAL SPECIFICATIONS

CPU: SL8541E Arm Cortex-A53 Quad-Cord CPU

Display: 2.16inch AMOLED round screen, DPI:480*480

Memory: RAM(3GB)+ROM(32GB)

Battery: 1100mAh large capacity polymer battery

OS: Android 8.1

Health Functions

Heart rate and blood oxygen monitoring (BD1820 sensor)

Other Functions

Camera: Supports pull-out rotating camera, supports automatic switching of taking pictures front or back; GPS: GPS+GLONASS/BeiDou; Wi-Fi: Support 2.4GHz; Bluetooth: Support V4.2 BLE; SIM: Support Nano SIM card, to be inserted from watches' side; Water resistance: IP67

TKYA1

Android Smartwatches

TECHNICAL SPECIFICATIONS

CPU: SL8541E

Display: 1.6 inch AMOLED / 480*480

Memory: 3GB RAM / 32GB ROM

Battery: 850mAh with NTC

OS: Android 8.1

Health Functions

Heart Rate, Blood Oxygen, Blood Pressure, Sleep Monitoring, Sedentary Reminder, Hydration Reminder, Medication Reminder, Women's Health

Other Functions

Phone, Contacts, Messages, Settings, Theme Settings, Fitness, TikTok, Browser, Bluetooth Assistant (supports Bluetooth calls), App Market, Free Watch Face Market, Face Recognition, Camera, Gallery, Music, Video Player, Heart Rate/ Blood Oxygen/Blood Pressure, Sleep Monitoring, Mindfulness, Sedentary Reminder, Hydration Reminder, Step Counter, Noise Measurement, NFC, Ultra Power Saving Mode, One-Tap Cleanup, One-Tap Drainage, Voice Recorder, Calculator, Stopwatch, Clock, Weather, Calendar, Flashlight, File Manager, Morse Code, Women's Health, WhatsAPP, Play Store, YouTube, Facebook,Instagram,

TKYA3

Android Smartwatches

TECHNICAL SPECIFICATIONS

CPU: SL8541E

Display: 2.06 inch AMOLED / 410*502

Memory: 2GB RAM / 16GB ROM

Battery: 1000mAh with NTC

OS: Android 8.1

Health Functions

Heart Rate, Blood Oxygen, Blood Pressure, Sleep Monitoring, Sedentary Reminder, Hydration Reminder, Medication Reminder

Other Functions

Phone, Messages, Settings, Camera, Albums, Music, Sports, Piay Store, TikTok, Browser, Free Watch UI Change, App Market, Video Player, Contacts, Voice Recorder, Calendar, Calculator, Clock, Stopwatch, One Tap Cleanup, One Tap Drain, Super Power Saver, Style Settings, NFC, File Browser, Maps. Bluetooth assistant (supports Bluetooth calls when connected) .WhatsApp, Camera, Play Store, Facebook, TikTok

TKYA5

TKYUAN

Android Smartwatches

TECHNICAL SPECIFICATIONS

CPU: SL8541E

Display: 2.4 inch AMOLED / 480*480

Memory: 3GB RAM / 32GB ROM

Battery: 1350mAh with NTC

OS: Android 8.1

Health Functions

Heart Rate, Blood Oxygen, Blood Pressure, Sleep Monitoring, Sedentary Reminder, Hydration Reminder, Medication Reminder

Other Functions

Phone, Messages, Settings, Camera, Albums, Music, Sports, Piay Store, TikTok, Browser, Free Watch UI Change, App Market, Video Player, Heart Rate, Blood Pressure, Blood Oxygen, Walking, Sleep Detection, Contacts, Voice Recorder, Calendar, Calculator, Clock, Stopwatch, One Tap Cleanup, One Tap Drain, Super Power Saver, Style Settings, NFC, File Browser, Maps. Bluetooth assistant (supports Bluetooth calls when connected) .WhatsApp, Camera, Play Store, Facebook, TikTok

Featured model

DS500

Smart Bracelets

TECHNICAL SPECIFICATIONS

CPU: Realtek8762ESF

Display: NO

Battery: 55mAh Lithium Polymer Battery

Waterproof Level: 1ATM

APP Name: Qwatch Pro

Other Functions

Incoming Call Alert Find Band Alarm Clock Camera Control Do Not Disturb Mode AI Health Analysis Family & Friends Feature Couple Mode OTA 24h SpO_2 Monitoring 24h Blood Pressure Monitoring 24h Heart Rate Monitoring Sleep Monitoring Sedentary Reminder

ES100

Smart Bracelets

TECHNICAL SPECIFICATIONS

CPU: ATS3085L

Display: NO

Battery: 220mAh Lithium Polymer Battery

Waterproof Level: IP67

APP Name: GloryfitPro

Other Functions

Pedometer Calorie Display Distance Ai recording heart rate sleeping monitoring blood pressure monitoring blood oxygen monitoring Stress Monitoring Mood Monitoring HRV one key monitoring smart alarm clock message reminder incoming reminder Sedentary Reminder Do Not Disturb Mode Find Device

H59

Smart Bracelets

TECHNICAL SPECIFICATIONS

CPU: Realtek8762ESF

Display: NO

Battery: 150mAh Lithium Polymer Battery

Waterproof Level: 1ATM

APP Name: Qwatch Pro

Other Functions

Incoming call reminder/Find the Bracelet/Alarm Clock/Remote Camera/DND/ OTA/24h Blood Oxygen/24h Blood Pressure/24h Heart Rate/Sleeping/Sedentary reminder

NB2

Smart Bracelets

TECHNICAL SPECIFICATIONS

CPU: AB2056D

Display: Yes

Battery: 33mAh Lithium Polymer Battery

Waterproof Level: IP68(5ATM)

APP Name: NX Wear

Other Functions

Heart rate/Blood oxygen/Pressure/Heart rate variability/Female physiological cycle /Shake it to take a photo/Sleep detection (Sleep time ,Sleep quality)/Step count

TKYB02

Smart Bracelets

TECHNICAL SPECIFICATIONS

CPU: JL7013A

Display: NO

Battery: 180mAh Lithium Polymer Battery

Waterproof Level: IP68

APP Name: G Band

Health Functions

ECG heart health analysis, heart rate monitoring, 24-hour scientific sleep monitoring, blood oxygen monitoring, HRV monitoring, women's health (menstrual tracking), remote care for relatives and friends, blood composition monitoring, body composition detection (BMI body fat rate, etc.), stress monitoring, and other health functions

Other Functions

Step counting/calories/distance, 120+ exercise mode, message notification, alarm clock, remote photo taking by shaking, finding equipment, etc.

TKYB03

Smart Bracelets

TECHNICAL SPECIFICATIONS

CPU: JL7013A

Display: NO

Battery: 125mAh Lithium Polymer Battery

Waterproof Level: IP68

APP Name: G Band

Health Functions

ECG heart health analysis, heart rate monitoring, 24-hour scientific sleep monitoring, blood oxygen monitoring, HRV monitoring, women's health (menstrual tracking), remote care for relatives and friends, blood composition monitoring, body composition detection (BMI body fat rate, etc.), stress monitoring, and other health functions

Other Functions

Step counting/calories/distance, 120+ exercise mode, message notification, alarm clock, remote photo taking by shaking, finding equipment, etc.

TKYB09

Smart Bracelets

TECHNICAL SPECIFICATIONS

CPU: AC7074A5

Display: NO

Battery: 120mAh Lithium Polymer Battery

Waterproof Level: 1ATM

APP Name: Da Halo

Health Functions

Heart Rate Monitor, HRV,Blood Oxygen,Stress,Menstrual cycle,Sleep monitoring

Other Functions

Daily Tag,Meditation,Activity,Multi Exercise Model,Automatic motion recognition,Gesture control,Automatic monitoring Settings

TKYB10

Smart Bracelets

TECHNICAL SPECIFICATIONS

CPU: JL7013A

Display: NO

Battery: 180mAh Lithium Polymer Battery

Waterproof Level: IP68

APP Name: G Band

Health Functions

ECG heart health analysis,PTT function, heart rate monitoring, 24-hour scientific sleep monitoring, blood oxygen monitoring, HRV monitoring, women's health (menstrual tracking), remote care for relatives and friends, body temperature monitoring, blood component monitoring (blood lipid uric acid, etc.),Body composition detection (BMI body fat rate, etc.), blood pressure monitoring, stress monitoring, medication reminder and other health functions, non-invasive blood sugar assessment and so on.

Other Functions

Step counting/calories/distance, 120+ exercise mode, message notification, alarm clock, remote photo taking by shaking, finding equipment, etc.

TKYB11

Smart Bracelets

TECHNICAL SPECIFICATIONS

CPU: JL7013A

Display: NO

Battery: 180mAh Lithium Polymer Battery

Waterproof Level: IP68

APP Name: G Band

Health Functions

ECG heart health analysis,PTT function, heart rate monitoring, 24-hour scientific sleep monitoring, blood oxygen monitoring, HRV monitoring, women's health (menstrual tracking), remote care for relatives and friends, body temperature monitoring, blood component monitoring (blood lipid uric acid, etc.),Body composition detection (BMI body fat rate, etc.), blood pressure monitoring, stress monitoring, medication reminder and other health functions, non-invasive blood sugar assessment and so on.

Other Functions

Step counting/calories/distance, 120+ exercise mode, message notification, alarm clock, remote photo taking by shaking, finding equipment, etc.

TKYB12

Smart Bracelets

TECHNICAL SPECIFICATIONS

CPU: JL7013A

Display: 0.54inch OLED display 96*32

Battery: 210mAh Lithium Polymer Battery

Waterproof Level: IP68

APP Name: G Band

Health Functions

ECG heart health analysis, heart rate , 24-hour scientific sleep , blood oxygen , HRV , women's health (menstrual tracking), remote care for relatives and friends, body temperature , blood component monitoring (blood lipid uric acid, etc.),Body composition detection (BMI body fat rate, etc.), blood pressure , stress monitoring, medication reminder and other health functions, non-invasive blood sugar assessment and so on.

Other Functions

Step counting/calories/distance, 120+ exercise mode, message notification, alarm clock, remote photo taking by shaking, finding equipment, vibrate, etc.

Y105

Smart Bracelets

TECHNICAL SPECIFICATIONS

CPU: ATS3085L

Display: NO

Battery: 220mAh Lithium Polymer Battery

Waterproof Level: IP68

APP Name: GloryfitPro

Other Functions

Heart Rate Monitor HRV Blood oxygen Monitor Body Temperature Female physiological reminder Emotional signature detection Pressure Sleep monitoring Message reminder Alarm clock Vibrate

TSR01

Featured model

TKY-R1

Smart Rings

TECHNICAL SPECIFICATIONS

CPU: AB2026B3

Display: NO

Battery: 14-18mAh

Waterproof Level: 5 ATM

APP Name: Da Rings

Health Functions

Distance,calories,daily steps statistics, Heart Rate Measurement, Oxygen Saturation, Heart Rate Variability, Stress, Sleep Tracking,

Other Functions

Remote Control Photo,Unit format, sedentary reminder, low battery reminder, heart rate warning

TKY-R10

Smart Rings

TECHNICAL SPECIFICATIONS

CPU: AB2026B3

Display: NO

Battery: 15-20mAh

Waterproof Level: 5ATM+IP68

APP Name: Da Rings

Health Functions

Distance,calories,daily steps statistics, Heart Rate,HRV, Oxygen Saturation,Stress, Sleep Tracking,Physiological cycle

Other Functions

Remote Control Photo, sedentary reminder, low battery reminder, heart rate warning

TKY-R2

Smart Rings

TECHNICAL SPECIFICATIONS

CPU: BlueX Micro RF03

Display: NO

Battery: 15mAh Lithium Polymer Battery

Waterproof Level: 5 ATM

APP Name: Qring

Health Functions

heart rate, blood oxygen, sleep monitoring, pressure, Step count, distance, calorie calculation,exercise data records,take photos

TSR01

Smart Rings

TECHNICAL SPECIFICATIONS

CPU: AB2026B3

Display: NO

Battery: 15-20mAh

Waterproof Level: 5ATM+IP68

APP Name: Da Rings

Health Functions

Distance,calories,daily steps statistics, Heart Rate,HRV, Oxygen Saturation,Stress, Sleep Tracking,Physiological cycle

Other Functions

Remote Control Photo, sedentary reminder, low battery reminder, heart rate warning

TSR03

Smart Rings

TECHNICAL SPECIFICATIONS

CPU: RTL8762 ESF

Display: NO

Battery: 15mAh (18mAh for size 11 and above)

Waterproof Level: 5 ATM

APP Name: Qring

Health Functions

Heart rate measurement, Blood oxygen saturation, Sleep tracking, Stress, Heart rate variability

Other Functions

Remote control for taking photos, Searching for rings, Gesture control, Gaming, Female cycle LED Digital Display: Time, Steps, Heart rate, Battery level

TSR08

Smart Rings

TECHNICAL SPECIFICATIONS

CPU: RTL8762 ESF

Display: NO

Battery: 15mAh(18mAh for size 11 and above)

Waterproof Level: 5 ATM

APP Name: Qring

Health Functions

Heart Rate Measurement, Oxygen Saturation,Heart Rate Variability, Stress, Sleep Tracking, Skin Temperature Measurement

Other Functions

Gesture Control,Remote Control Photo, Female Physiology Reminder, Indicator: message reminder, charging status

TSR09

Smart Rings

TECHNICAL SPECIFICATIONS

CPU: RTL8762 ESF

Display: NO

Battery: 14mAh(18mAh for size 11 and above)

Waterproof Level: 5 ATM

APP Name: Qring

Health Functions

Heart Rate Measurement, Oxygen Saturation,Heart Rate Variability, Stress, Sleep Tracking, Skin Temperature Measurement

Other Functions

Gesture control, Remote Control Photo, Find Ring(Flashing Lights), Female Physiology Reminder

TSR10

Smart Rings

TECHNICAL SPECIFICATIONS

CPU: Nordic nRF 54L15

Display: NO

Battery: 16mAh(13mAh for size 6 and 7)

Waterproof Level: 5 ATM

APP Name: Qring

Health Functions

Heart Rate, SpO2, HRV, Stress, Sleep Tracking, Body Temperature Measurement, body energy level, breathing training

Other Functions

Gesture Control, Ring Games, Remote Camera Control, Find My Ring, Female Cycle Reminder, Family & Friends Ranking, AI analysis

TSR15

Smart Rings

TECHNICAL SPECIFICATIONS

CPU: Nordic 54L15

Display: NO

Battery: 16-24mAh Lithium Polymer Battery

Waterproof Level: 5ATM+IP68

APP Name: G Band/H Ring

Health Functions

ECG, skin conductance-EDA, blood pressure, Blood glucose, blood components, and Meto,blood oxygen, heart rate, HRV, Lorentz scatter plot, one-click micro-physical examination, pedometer, exercise, remote care, 24-hour scientific sleep monitoring, photo taking, adjustable health monitorin time switch.

Featured model

M95

Smart Glasses

TECHNICAL SPECIFICATIONS

CPU: JL7018F6

Battery Capacity: 290mAh

Camera: 8 million pixels

Material: Environmentally Friendly PC1414 Material

Other Functions

AI voice assistant/photography/video recording/audio recording/music control/ Bluetooth call/alert tone/indicator light/translation/object recognition/single touch/ music playback/offline voice

OnePro

Smart Glasses

TECHNICAL SPECIFICATIONS

CPU: BT8961C6+W30

Battery Capacity: 290mAh

Camera: 8 million pixels

Material: Environmentally Friendly PC1414 Material

Other Functions

Voice wake-up with AI, object recognition through AI photography, intelligent question-and-answer interaction with AI, AI-powered translation, photo capture, video recording, and audio recording.

V06

Smart Glasses

TECHNICAL SPECIFICATIONS

CPU: Jerry - Main Control - JL7018F

Battery Capacity: 260mah

Camera: 8MP Camera (supports 32MP high-resolution photo shooting)

Material: Frame: TR90 Temple: PC+ABS

Other Functions

8-megapixel high-definition camera Voice wake-up with AI, object recognition through AI photography, intelligent question-and-answer interaction with AI, AI-powered translation, photo capture, video recording, and audio recording. Wi-Fi transfer of photos, videos, and recordings to phone, slide to adjust volume, wear detection, dual microphone noise reduction, call noise reduction, intelligent voice assistant, BT calls, music playback (switch, pause music), low power consumption Jerry + Allwinner main control chip, long-lasting battery life

X01

Smart Glasses

TECHNICAL SPECIFICATIONS

CPU: JL7018F

Battery Capacity: printed/marked 220mAh

Camera: 8 million pixels

Material: Frame: PC Temple: PC+ABS

Other Functions

5-megapixel high-definition camera , AI voice wake-up, AI photo recognition, AI intelligent question-and-answer interaction, AI smart translation, high-definition photography and video recording (with anti-shake function), recording, Wi-Fi transfer of photos, videos, and recordings to phone, slide to adjust volume, wear detection, dual microphone noise reduction, call noise reduction, intelligent voice assistant, BT calls, music playback (switch, pause music), low power consumption Jerry + Allwinner main control chip, long-lasting battery life, dual physical buttons plus slide touch for convenient operation, 42 grams lightweight overall weight for comfortable wearing, customizable sunglasses, blue light protection, color-changing, myopia, and other lenses, large 270mAh battery,
